1. WELCOME MESSAGES

Dear delegates,

Dear friends and colleagues,

The 2025 FISU World University Games Winter in Torino, Piemonte (Italy) is drawing inexorably closer. "Torino" is a name that has a unique and incomparable significance for FISU. Not only was FISU founded in this beautiful city in 1949, but Torino also hosted the first ever Summer Universiade ten years later in 1959. Moreover, Primo Nebiolo, FISU President from 1961 to 1999, also contributed to strongly linking Torino and FISU together.

Having held the Winter Olympics in 2006, Torino also hosted the Winter Universiade in 2007. Now, we are all preparing to return to the birthplace of both FISU and the Universiade, but also to the mountains in Sestriere, host of the 1966 Winter Universiade and an important cluster for the upcoming Torino 2025 FISU World University Games Winter.

I am very grateful to the Organising Committee of the Torino 2025 FISU Games Winter, but also to the political, academic and sport authorities who are making this student sporting highlight - set from 13 to 23 January 2025 - possible. It is thanks to their unwavering commitment and belief in the values of university sport that these FISU Games will take place.

I wish you all a smooth and successful preparation for your mission at the Torino 2025 FISU World University Games Winter and look forward to welcoming you to the opening ceremony in Torino on 13 January 2025.

Leonz EDER

President of the International University Sports Federation

*Dear Delegates,
Dear Student-Athletes, Coaches, Dignitaries, and Presidents of Member Federations,
Dear all,*

It is a great pleasure for me to present the Technical Handbook for the Torino 2025 FISU World University Games Winter.

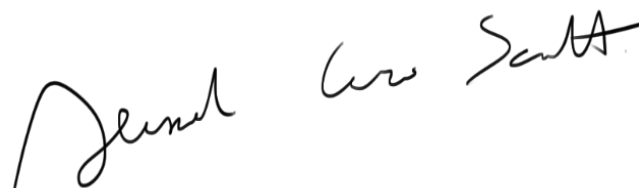

This handbook contains all the necessary information about the Games and the technical aspects for each sport, serving as a comprehensive guide for all participants and delegations involved.

The Torino 2025 FISU World University Games Winter will feature a total of 11 sports, divided into snow and ice disciplines.

However, what fills me with particular pride is that, for the first time in the history of the FISU World University Games Winter, we will be hosting two parasports competitions: Para Alpine Skiing and Para Cross-Country Skiing.

This event promises the perfect setting for high-level competition across six stunning areas of Piedmont, an Italian region with a rich history in both sports and science: Turin, Sestriere, Bardonecchia, Pragelato, Pinerolo, and Torre Pellice.

I am looking forward to welcoming the big family of the Winter University Sports in Piedmont in just a few months' time!

A handwritten signature in black ink, reading "Alessandro Sciretti". The signature is written in a cursive, flowing style.

*Alessandro Sciretti
President of Torino 2025 FISU World University Games*

5.9.1 LIST OF PROHIBITED SUBSTANCES

The actual list of prohibited substances and methods is defined in accordance with WADA international standards. National University Sports Federations will be responsible for ensuring that their delegations, namely athletes, are made aware of the actual version of the prohibited list. For the current WADA list of prohibited substances and methods, please refer to the following website: www.wada-ama.org.

5.9.2 TESTING

The required number of samples will be selected during the “in-competition” and “out-of-competition” periods in accordance with the Test Distribution Plan. “In-competition” is defined as the period commencing 12 hours before a competition in which the athlete is scheduled to participate through to the end of such competition, and the sample collection process related to such competition. “Out-of-competition” is defined as any doping control which is not “in-competition.” During the Torino 2025 FISU Games, athletes can be tested at any time without prior notice. Urine and/or blood samples will be collected in compliance with the WADA International Standard for Testing and Investigations (ISTI). A paperless system will be used for the sample collection. The testing will be conducted by Doping Control Officers (DCO) from the Italian Anti-Doping Agency (NADO), an anti-doping organization accredited by WADA. Testing will be conducted under the supervision of the FISU International Medical Committee. The samples collected at competition venue doping control stations will be transported to the WADA approved laboratory in Italy. All results will be sent to the Chairman of the FISU International Medical Committee and entered into the ADAMS system. In the event of a violation of FISU Anti-Doping rules, the responsibility of processing the results lies with the FISU International Medical Committee.

In the event of setting a national record, doping testing of the athlete is carried out at the expense of his/her National University Sports Federation.

5.9.3 DOPING CONTROL STATIONS

Doping control stations are located at each sports venue or in close proximity. All doping control stations will be marked with signs, including signage directing athletes to the stations. After the completion of the doping control procedure, all samples collected at each doping control station will be delivered to the central doping control station together with the necessary support documentation (doping control protocols) for further registration in the ADAMS system. All samples will be packaged and sent to the WADA accredited anti-doping laboratory in accordance with international standards. All information concerning the doping control program during the Torino 2025 FISU World University Games is confidential according to WADA and FISU requirements. When visiting a doping control station, athletes are required to have accreditation cards.

Every athlete who uses a substance or a method included in the list of prohibited substances is obliged to be in possession of a completed TUE form of the established standard from the moment of arrival until the departure from the Village after the Closing Ceremony of the Torino 2025 FISU World University Games.

6.1 Accreditation

For the Accreditation procedure please refer to the HoD Manual.

IMPORTANT: A personalised accreditation card with a photo, name and function of the cardholder carries information about the access rights and privileges available to him/her. Upon arrival, the accreditation card, equipped with a QR-code, enables members of delegations a 24-hour temporary access to the Torino 2025 FISU World University Games venues in accordance with access rights on the accreditation card. The temporary access does not allow participation in the competition. After the CIC's approval, the accreditation card will be fully activated.

6.2 Radio Frequency Control (To be updated)

At all Torino 2025 FISU World University Games venues, any use of radio frequencies (e.g., walkie-talkies, radio stations, wireless cameras, Wi-Fi access points, wireless microphones, FM-transmitters, and any other wireless equipment) requires a temporary radio license from the Ministry of Economic Development (Ministero dello Sviluppo Economico, MISE) and must ensure it doesn't conflict with the Italian emergency services, including the police, EMTs (Emergency Medical Technicians), and other first responders.

If you are planning to utilize any of the items noted above which require bandwidth on the frequency spectrum, please fill out the Frequency Form (to be provided at a later stage) and send it to technology@wugtorino2025.com.

The Organising Committee will be registering a range of available Radio Frequencies starting from September 2024. We will then provide the frequencies available to each team/country to determine if their existing equipment will work within the range available in the Torino region.

Your wireless devices will be registered and checked by the frequency-organizer. You will receive a confirmation if the devices can be registered in Italy.

By the end of November, you will receive the frequencies allocated to you.

Important: Every frequency user is responsible for submitting registration details for all their wireless devices accordingly and in a timely manner.

Fees/costs (tbc) for temporary radio licenses must be paid to the Organising Committee by the delegation or frequency users applying for an Italian radio license.
