1. Welcome Messages

Dear delegates,

Dear friends and colleagues,

The 2025 FISU World University Games Winter in Torino, Piemonte (Italy) is drawing inexorably closer. "Torino" is a name that has a unique and incomparable significance for FISU. Not only was FISU founded in this beautiful city in 1949, but Torino also hosted the first ever Summer Universiade ten years later in 1959. Moreover, Primo Nebiolo, FISU President from 1961 to 1999, also contributed to strongly linking Torino and FISU together.

Having held the Winter Olympics in 2006, Torino also hosted the Winter Universiade in 2007. Now, we are all preparing to return to the birthplace of both FISU and the Universiade, but also to the mountains in Sestriere, host of the 1966 Winter Universiade and an important cluster for the upcoming Torino 2025 FISU World University Games Winter.

I am very grateful to the Organising Committee of the Torino 2025 FISU Games Winter, but also to the political, academic and sport authorities who are making this student sporting highlight - set from 13 to 23 January 2025 - possible. It is thanks to their unwavering commitment and belief in the values of university sport that these FISU Games will take place.

I wish you all a smooth and successful preparation for your mission at the Torino 2025 FISU World University Games Winter and look forward to welcoming you to the opening ceremony in Torino on 13 January 2025.

Leonz EDER

President of the International University Sports Federation

*Dear Delegates,
Dear Student-Athletes, Coaches, Dignitaries, and Presidents of Member Federations,
Dear all,*

It is a great pleasure for me to present the Technical Handbook for the Torino 2025 FISU World University Games Winter.

This handbook contains all the necessary information about the Games and the technical aspects for each sport, serving as a comprehensive guide for all participants and delegations involved.

The Torino 2025 FISU World University Games Winter will feature a total of 11 sports, divided into snow and ice disciplines.

However, what fills me with particular pride is that, for the first time in the history of the FISU World University Games Winter, we will be hosting two parasports competitions: Para Alpine Skiing and Para Cross-Country Skiing.

This event promises the perfect setting for high-level competition across six stunning areas of Piedmont, an Italian region with a rich history in both sports and science: Turin, Sestriere, Bardonecchia, Pragelato, Pinerolo, and Torre Pellice.

I am looking forward to welcoming the big family of the Winter University Sports in Piedmont in just a few months' time!

A handwritten signature in black ink, reading "Alessandro Sciretti". The signature is written in a cursive, flowing style.

*Alessandro Sciretti
President of Torino 2025 FISU World University Games*

5.3 Competition Structural Chart

5.4 Technical Regulations

- The Figure Skating events will be organized in accordance with the most recent technical regulations of the International Skating Union (ISU), except when specifically amended by these regulations or by the FISU Games International Technical Committee (ITC).
- The program and duration of the competitions will be fixed by the FISU Executive Committee in agreement with the Organizing Committee and the FISU Games ITC. In principle, the program will last six (6) days maximum and will include the following events:

Men	Women
Men	Women
Ice Dance	

5.4.1 Entries

Each country is authorized to enter a maximum number of athletes per event as follows:

Men: 3 athletes

Women: 3 athletes

Ice Dance: 3 couples composed of 1 M and 1 W

For Ice Dance, only one (1) partner must be a citizen of the ISU member country he/she is representing. The other partner, however, must be a citizen or resident of the country of an ISU Member and be in possession of a clearance certificate of the ISU, according to Rule 109 paragraph 3 of the ISU General Regulations.

Each athlete will be authorized to take part in FISU events only after the applying skater has submitted satisfactory documentation and received an ISU Clearance Certificate from the Secretariat (ISU Rule 109). At the first general Technical Meeting, the Head of Delegation or his/her representative shall confirm and sign the official entry list of athletes.

5.4.2 Pre-Competition Procedure Selection

Maximum number of entries for Figure Skating in the FISU Games:

	Men (athlete, male)		Women (athlete, female)		Ice Dance (couple, 1 male 1 female)	
	Max. # of Entries	Qualify # for Free Skating	Max. # of Entries	Qualify # for Free Skating	Max. # of Entries	Qualify # for Free Dance

Each NUSF	3	3	3	3	3	3
Total	36	24	36	24	25	20

Where the number of Quantitative Entry (3 months prior to the opening ceremony of the FISU Games) is larger than the authorised number of athletes, FISU will proceed to a selection.

One or more selection rounds will be made until the maximum number of authorised entries is reached (as described in the table above).

During each selection round a maximum of one athlete or couple per country in each event will be selected. With the exception of the 1st round when 2 athletes or couples, from the host country or the top 6 countries from the previous FISU Games may be selected.

The selection order for each round is the following:

1. Host country
2. NUSFs participating in the last FISU Games Figure Skating competitions – selection is done following the ranking order (top to bottom) of the last FISU Games events
3. NUSFs who did not participate in the last FISU Games Figure Skating competitions will be selected according to a wild card system defined by the FISU Games ITC (geographical and continental representation, participation in previous FISU World University Games)
4. A reserve list will be made with the number of athletes that have not been selected from each country.

One week after the Quantitative Entry (7 weeks before the opening ceremony of the FISU World University Games), the OC, upon FISU approval, will inform all participating countries of the number of athletes selected for each country and the ones on the reserve list. The final composition of the judges' panel will be defined based on the list of selected athletes (cf. Art. 3.1).

If a NUSF wants to enter less athletes after the selection is announced, the NUSF must inform the OC. However, in the event of unused entry quota by a NUSF or an athlete's withdrawal, the financial dues to the ITOs (cf. Art 3.3) must still be paid by the NUSF to the OC during the accreditation process upon arrival to the FISU Games. If needed, NUSFs on the reserve list will be contacted to take any vacant places.

5.4.3 Protest and Appeal

Protests based on an alleged violation of rules may be lodged provided they are not excluded by this or any other rule. The referee decides upon all protests.

Protests must be filed with the referee in writing and within the stated time limit. At the same time the protest is filed, CHF 100, or other convertible currency to the same value, must be deposited in cash to the referee.

In the event that the protest is successful, the protest fee will be refunded. Otherwise, the referee will remit it to the ISU (ISU Rule 123). No protests against evaluations by referees, judges or the Technical Panel (Technical Controller, Technical Specialists) of skaters' performances are allowed (ISU Rule 123.4.A).

Each Head of Delegation or his/her deputy is authorized to lodge an appeal against the decision of the Jury. This appeal must be submitted in writing to the Jury of Appeal or competent authority in accordance with the ISU Regulations. Any decision made by the Jury of Appeal, or equivalent authority of a sport, is final and must be reported immediately to the Head of Delegation of the country concerned.

Any sport disciplinary situation which cannot be satisfactorily resolved by the Sport Technical Committee (TC) and the sport specific disciplinary regulations will be reported to the FISU Disciplinary Committee for further action to be taken. Where appropriate, a report will also be sent to ISU.

For more information, please refer to Section 5.10.

5.8.2 Training

Training at the Palavela will take place on 14-15 January 2025. Training slots will be assigned to the skaters. For the practice and competition schedule, please refer to Section 8.1

5.8.3 General Technical Meeting

The 1st General Technical Meeting (Team Leader's Meeting) will be held on 14th January 2025 from 9:00 to 10:10 at Palavela.

At the 1st General Technical Meeting, the Head of Delegation or his/her representative shall confirm and sign the official list of competitors.

Only with an accreditation card approved by the CIC can an athlete be considered for the draw of a starting list and be entitled to participate in any of the competitions. Starting numbers for athletes shall be drawn by the Head of Delegation, if present, or his/her representative or by the members of the OC.

5.9 Doping Control

Doping Control will be carried out in accordance with the WADA World Anti-Doping Code and FISU regulations: https://wugtorino2025.com/wp-content/uploads/2024/11/20240206_Torino-2025-FISU-Games-Regulations-Feb2024-1.pdf

5.9.1 List of Prohibited Substances

The actual list of prohibited substances and methods is defined in accordance with WADA international standards. National University Sports Federations will be responsible for ensuring that their delegations, namely athletes, are made aware of the actual version of the prohibited list. For the current WADA list of prohibited substances and methods, please refer to the following website: www.wada-ama.org.

5.9.2 Testing

The required number of samples will be selected during the “in-competition” and “out-of-competition” periods in accordance with the Test Distribution Plan. “In-competition” is defined as the period commencing 12 hours before a competition in which the athlete is scheduled to participate through to the end of such competition, and the sample collection process related to such competition. “Out-of-competition” is defined as any doping control which is not “in-competition.” During the Torino 2025 FISU World University Games, athletes can be tested at any time without prior notice. Urine and/or blood samples will be collected in compliance with the WADA International Standard for Testing and Investigations (ISTI). A paperless system will be used for the sample collection. The testing will be conducted by Doping Control Officers (DCO) from the Italian Anti-Doping Agency (NADO), an anti-doping organization accredited by WADA. Testing will be conducted under the supervision of the FISU International Medical Committee. The samples collected at competition venue doping control stations will be transported to the WADA approved laboratory in Italy. All results will be sent to the Chairman of the FISU International Medical Committee and entered into the ADAMS system. In the event of a violation of FISU Anti-Doping rules, the responsibility in processing the results lies with the FISU International Medical Committee.

In the event of setting a national record, doping testing of the athlete is carried out at the expense of his/her National University Sports Federation.

5.9.3 Doping Control Stations

Doping control stations are located at each sports venue or in close proximity. All doping control stations will be marked with signs, including signage directing athletes to the stations. After the completion of the doping control procedure, all samples collected at each doping control station will be delivered to the central doping control station together with the necessary support documentation (doping control protocols) for further registration in the ADAMS system. All samples will be packaged and sent to the WADA accredited anti-doping laboratory in accordance with international standards. All the information concerning the doping control program during the Torino 2025 FISU World University Games is confidential according to WADA and FISU requirements. When visiting a doping control station, athletes are required to have accreditation cards.

- The doping control station for Figure Skating athletes will be located in Palavela with a properly equipped room.

5.9.4 Therapeutic Use Exemptions (TUE)

Torino 2025 FISU World University Games participants who require Therapeutic Use Exemption (TUE) must make an appropriate request to the National Anti-Doping Organization or International Federation before participation in the Torino 2025 FISU Games. The World Anti-Doping Agency International Standard for TUE will be applied in this case. Every athlete who uses a substance or a method included in the list of prohibited substances is obligated to be in possession of a completed TUE form of the established standard from the moment of arrival until departure from the Village following the Closing Ceremony of the Torino 2025 FISU World University Games.

If there is a need for the use of a prohibited substance or a prohibited method for medical reasons after the opening of the Torino 2025 FISU World University Games, an athlete must submit a request for TUE to the FISU International Medical Committee as a matter of urgency (antidoping@fisu.net). The responsibility for completing the TUE form and submitting an application to the FISU International Medical Committee lies with the delegation physician.

If the delegation does not have its own physician, the athlete shall submit a request for TUE with the attachment of medical documentation confirming the fact of providing him/her with emergency medical treatment to the FISU International Medical Committee (antidoping@fisu.net).
